

KEEE Capability Statement

<https://keeeconsult.com>

COMPANY OVERVIEW

KEEE is a small consulting firm founded in 1999 by Dr. Kapur that provides sustainability/climate services and economic, policy, and regulatory support for our clients.

CORE COMPETENCIES

We are focused on providing high quality, detailed energy, environment, economic, policy, and regulatory analyses and strategies. We offer studies, reports, & training related to our capabilities.

We have expertise in:

- Sustainability/Climate Planning & Implementation
- Energy and water conservation strategies
- Economic/Financial Feasibility Studies
- M&V of energy and carbon savings
- Utility billing
- Energy planning, pricing and forecasting
- Clean Air Act (CAA) compliance
- Data Analysis and Modeling
- Conducting Research & Developing Reports
- Regulatory & Docket Support
- Communications Support

DIFFERENTIATORS

We are uniquely qualified to provide energy, environment, economic & regulatory services for the following reasons:

- Our experience with international, federal, state and local agencies gives us a unique perspective
- We provide both off-site and direct on-site professional support
- Our Team includes economists, engineers, scientists, certified sustainability professionals and policy experts
- We can perform large and complex analyses in a relatively short turnaround timeframe
- We are problem solvers with a human element

PAST PERFORMANCE

Army National Guard (ARNG) Enterprise Sustainability Program Support, 09/19/13 – 09/18/17

Economic Impact Study of Paul D. Camp Community College (PDCCC), 08/05/2014 – 09/25/2015
